

Item #: \_\_\_\_\_  
 Models: 36ER33-99, 36ES33-99 & 36ET33-99  
 Product Name: 36E Series Combination Boil Plate  
 & Open Element Top Range

*Model 36ER33-99*

**Specifications:**

Heavy-duty electric range with full size oven, Model 36ER33-99, combination top. 36" (914mm) wide x 36" (914mm) high x 36" (914mm) deep; 36" (914mm) x 24" (610mm) top consists of a 24" (610mm) x 24" (610mm) boiling plate area with four heat zones and one 12" open tubular element section. Standard oven is controlled by a heavy-duty electromechanical thermostat. Each boiling plate heating zone and each element is controlled by a three-heat switch. Oven interior is 13.5" (343mm) high x 26.25" (667mm) wide x 29" (533mm) deep with removable four-position chrome plated oven rack guides and one oven rack, front and rear stainless steel grease troughs. Available with convection oven base, 21.75" (552mm) deep. Standard with stainless steel front and black powder coat epoxy sides. All controls are mounted at a convenient level on the switch panel. Electric circuit protection is provided for by circuit breakers or fuses located outside of the heat zone behind the lower kick panel. Ranges are available with casters or for dais mount. Also available with storage base, Model 36ES32-99, in lieu of oven section or as modular top version, Model 36ET32-99.
